Photography and videos are not permitted at the school concert

Due to the GVPS student welfare and privacy policy, all students have the right to privacy and the protection of their identity. Teachers will take photos of the students in costume to share.

Family members without concert tickets

Just a friendly reminder that only family members and family friends with a concert ticket should be in attendance within the school grounds during the school concert. The safety of our students at Grose View is most important. We would like to avoid any community members wandering through the school.

'Backstage' classroom locations

Please ensure that your child is present at their 'Backstage' room by **5.45 pm** for preparation before the Evening Performance. The map indicates where all classes will meet for both performances, and more importantly where students can be collected from at the end of the performances.

GVPS Concert program

The program for our school concert will be available for \$1.00 before the start of the matinee and evening performances.
