

# Trial Band Program

## Find your perfect musical match

Does your child want to learn a band instrument but isn't sure what to choose?

Trial lessons will be offered to students in **years 2 to 5** in weeks 7 to 9 of term 4. These lessons allow your child to try several instruments before deciding what they would like to learn.

There is no obligation to take further lessons, or to join the Band. Your child can try a different instrument each week, or have a few lessons on one – **it's up to them.**

**When:** Lessons are held in school time.

**Cost:** \$10 for each small group lesson/trial (availability is dependent on numbers)
