Dear Parents/Carers

SCARLET FEVER

We have been notified of a case of Scarlet Fever at school.

If your child shows the following symptoms, please see your doctor.

- very red sore throat
- swollen glands
- fever
- red (scarlet) rash

You will need to keep your child at home until the day after appropriate antibiotics have been started and the child feels better.

I appreciate your assistance in this regard

Yours sincerely

Mr Matt Carter
Principal
