

Grose View Public School

SRC Lego Building Challenge

The SRC would like to invite you to participate in a LEGO building competition.

The theme for the 2022 challenge is **water**.

What do you need to do?

Over the next few weeks you will need to construct a water themed Lego build. This will be done at home.

The build can be as small or as large as you like. It must be your own original design. You cannot use a set of Lego instructions.

How to enter?

Once your build is complete, send a photo (or two) to groseview_p.admin@det.nsw.edu.au. You can send more than one photo of your build so the judges can see all angles.

All entries are due by **Friday 3rd December (Week 8)**.

Judging

The SRC will be judging the entries in Week 9.

There will be 2 categories for the competition:

Junior - students from K-2

Senior - students from 3-6

The 3 contestants from each category, whose entries are judged to be the most creative, will be invited to compete in a live Lego building challenge at the Grose View Talent Quest in Week 10.

Need more information

Talk to your class SRC representative or see Mrs Stone or Ms Leer.
