Teacher/Teaching and Learning/Learning & Support/MultiLit Intervention Program

8 August 2023

Dear Parents/Carers

## **MULTILIT INTERVENTION PROGRAM**

At Grose View Public School, we take our responsibility to ensure every child has the best possible instruction. We are very pleased to announce that this week, we will be commencing MiniLit and MacqLit for students in Years 1-6.

MiniLit is an evidence-based, explicit and effective early literacy intervention program for teaching reading skills to children who require additional support in Years 1-2. This program is run in daily 30-minute sessions, with students placed in small groups of four. It is supplemented by additional supported reading time.

MacqLit is an evidence-based, explicit and effective literacy intervention program for students from Year 3 onwards. This program runs in daily 60-minute sessions, with students placed in small groups of six. It is also supplemented by additional reading time.

Small group tuition is an effective way of helping children consolidate key skills in targeted areas of need. It also extends their knowledge and understanding and provides an opportunity for them to practise skills and gain independence.

After rigorous assessment, and in consultation with your child's teacher, your child has been identified as needing additional support, and we feel they will benefit from this program. Your child's progress will be regularly checked and monitored, and you will be updated as to how they are going.

It is important that your child attends school every day and arrives at school on time.

If you have any questions about the program, please do not hesitate to ring the school so that we may discuss any concerns.

Thank you for your support.

Yours sincerely

Mrs Robyn Thomas  
Learning & Support Teacher

Mrs Belinda Harrington  
Assistant Principal

Mrs Sarah Trestrail  
Assistant Principal Curriculum & Instruction
