

Online Form - Parent, Grandparent and Community Engagement

Activity Name:	Parent, Grandparent and Community Engagement
Description:	Community engagement for school-based help.

Dear Parents/Carers,

COMMUNITY ENGAGEMENT

At Grose View Public School, our students, staff and families have a deep sense of pride in our student's learning and our school grounds.

We are seeking further support from parents, grandparents, carers and community to foster an even greater school community engagement in activities at school.

Please complete any or all of the questions that apply to yourself or an adult family member (grandparent), who has provided consent to you to volunteer some of their valuable time.

The person volunteering on school grounds will need to complete a Declaration for Child-Related Workers form that is available from the office and provide photo ID (eg. driver licence).

We would greatly appreciate any assistance you or your family member can provide our beautiful school.

A staff member will be in contact with you or your family member listed, when their assistance is required.

Your sincerely,

Grose View Public School Staff
