

📌 Online Form - **Online Guardians Parent/Carer Educational Workshop**

Activity Name:	Online Guardians Parent/Carer Educational Workshop
Date/Time:	Monday 9 September 2024 6:15pm - 7:30pm
Description:	<p>On Monday 9 September, from 6.15 pm until 7.30 pm, the School is providing a cyber safety parent/carers educational session for all families K-6. Even though some of our younger students may not be facing these technology challenges yet, we ask all families to attend to learn about how to protect, guide and support our children when using technology now and into the future.</p> <p>Our presenter from Online Guardians, has two decades of experience working in the NSW and Qld Police. He specialises in working with students, children at risk and young offenders. He has a wealth of experience working with parents/carers and families providing effective tools and strategies relating to a variety of adolescent development issues.</p> <p>The digital world has a significant impact on the development of our children. Parents/carers play a critical role understanding the online world and supporting their children in this space. Through data collated from thousands of school students, Online Guardians will paint an accurate picture for parents/carers.</p> <p>Understanding our children's usage, trends and culture are essential for effective intervention. The education provides tangible strategies, ideologies and tools that help parents/carers directly in their home.</p> <p>The parent/carers education evening will provide a real understanding on the pressures and issues faced by our children in the digital world. The content is recent, relevant and incredibly interesting. Online Guardians will provide an accurate snapshot of the current situation facing our children.</p> <p>Following the parent/carers education session, they will provide all parents/carers full access to their Parent Support Network through the Online Guardians website. This includes tutorials, resources, reviews and direct access to their adolescent development experts, including one-on-one assistance, which you can access throughout your child's future technology usage.</p> <p>This educational session will include:</p>

	<p>Social Networks: Online safety, trends, privacy settings and group chats. Healthy Minds: Disconnection, desensitisation, addictions and healthy balance. The Real Picture: Most problematic social network and gaming platforms. (data) Mobile Phones: Age, maturity, cellular data, location settings and parental controls.
